- Spiller: Lobelia 'Crimson Fountain' or 'Riviera Midnight Blue'

**GRAND TOTAL: 38 plants — \$152**

## Notes for the sale

- **Liatris:** both *ligulistylis* and *pycnostachya* should be in the Native Plants section. If you only find one species, grab the extra as a second *pycnostachya* for Zone E.
- **Wild Ginger (×6):** split 3 for Zone B (hosta/bluebell mix) and 3 for Zone D (Canada Yew strip). If only 4-packs are available, one 4-pack + one individual gets you close.
- **Solomon's Seal:** in the Shade Perennials section, not Native Plants — different table at the sale.
- **Quantities assume individual plants,** not 4-packs. If only 4-packs are available for a species, you'll have extras — Echinacea and Zizia transplant well elsewhere in the yard.
